## Welcome to the Amateur Football Combination - 2010/2011

Welcome to the Amateur Football Combination for 2010-11. Along with this letter you should receive copies of the fixtures for the first week of the season as well as an update about the Spirit of Football campaign. You should also find enclosed the new handbook and some referee result cards for all referees and clubs. Copies of the referee flier are also enclosed – please feel free to pass this on or display it in your clubhouse. If you need more copies, ask Danny McConnell.

### New Officers

The major change this season is Rob Gibbs stepping down as Spirit of Football Co-ordinator, to be replaced by Ben Roberts (North), Martin Armstrong (West) and James Whitmarsh (South). Trevor Syms is our new president, and Jonny Singer has taken over the Non-League Paper column – please can all clubs help and support him with match reports.

### Referees Evening

We will be holding a Referees Evening this season, but the date has not yet been set (but expect late September or early October). As soon as we have a date we'll let you know.

### Respect

We are now a Respect League, so please can clubs ensure their members have seen the codes of conduct, and captains wear armbands as well as being aware of their responsibilities. We hope all our referees will have attended Respect sessions through their County FA's. If you've not yet attended a session, and are keen to do so, please let us know.

### Fixtures

Fixtures and referee appointments are normally published 10-12 days before games. We appoint as many referees as possible, but if none is shown on the fixture list, the onus is on the home club to find a club referee. Clubs are reminded that the fixtures are provisional – clubs will be informed of any changes directly by the League Match Secretaries and these should also be reflected on Full-Time (via the Match Centre link) but not necessarily on the fixture pages of the website. We'd like to remind clubs that we are only allowed to appoint registered referees to games – if a referee isn't registered we cannot appoint them, and we would advise clubs, where possible, to do the same.

In addition to the fixture list we send out results and regular league tables. Any changes of details for club officers, referees and general league news will also appear on the bulletin. Where possible, these bulletins are sent via email, but any referees, officers or club officers who require a postal copy can do so.

Club Secretaries should note the guidance in section 1 of the handbook. In particular that match details should be confirmed with opposition and referees at least 5 days prior to games. Clubs are reminded that any request for a "free week" should be given to the appropriate League Match Secretary at least four weeks in advance of the due date, and that any such request may be refused by the League Match Secretary, particularly if the club concerned has a fixture backlog.

### Rule 10e – Club Selection; Free Movement of Players

An ongoing issue within the AFC is that of Club Selection, and Free Movement of Players. Your 1<sup>st</sup> Team should be the strongest team, the 2<sup>nd</sup> Team the second strongest and so on. Players should move up and down the club as needed. If your 1<sup>st</sup> team has a number of players missing, the 2<sup>nd</sup> team should expect to lose their best players – it's how a CLUB works.

We have for a number of seasons been withholding trophies if necessary, and recently we required one club to withdraw a side because they simply would not/could not enforce this. At the end of this season we may restrict some clubs in the number of sides they are permitted to enter for the following season if they are effectively running "clubs within clubs".

We want the AFC to cater for all standards of players, so that everyone can find their right level, and find a competitive game of football – multi-team clubs should be doing exactly that, with the best footballers playing for the highest teams, and those of lesser ability finding a competitive game in lower sides against opposition of a similar standard.

### Non-League Paper

The AFC continues to feature in the Non League Paper each week. Please can clubs support the league by buying it as well as providing reports of matches to Jonny Singer on a Saturday evening to fill our column. More details can be found on the league website about how to get your match featured in the paper – we need your match reports.

*Playing in the Spirit of Football, Promoting Fair Play and Respect for All*

### Annual Dinner

The date and format of the dinner has not yet been set, but we'll let everyone know as soon as possible.

### Hospitality

Clubs are reminded that they are expected to provide after-match hospitality for opposition and match officials. Clubs should confirm the details for hospitality during the week when the fixture is confirmed. If an away club does not accept hospitality without prior warning they should expect to be invoiced by the home club for the costs and fined by the AFC.

### AFC on Full-Time

We'll be continuing to use the FA package Full-Time this season, both for SMS results (make sure you let us know any changes to numbers) and for our tables, results and fixtures. It's accessible via the "Match Centre" link on the AFC website, which allows you to see Full-Time within the AFC website.

### AFC Golden Boot (Optional)

A further aspect of Full-Time is that it allows clubs to register their match details (players, goalscorers etc). This season we'll be using this for any club who wish to participate (it's optional), and the top scorers will appear on Full-Time. The only requirement is that your player registration details (see website) are supplied on the standard form we've provided. Clubs should find details of how to do this included with this newsletter.

### League Representative Team

Rory Vermuelen (Tel: 07979 858 595, Email: [londonboneco@aol.com](mailto:londonboneco@aol.com)), continues as manager of the Representative Team, and is keen to get a wide representation of players from Clubs, not just from the highest divisions, so clubs and referees please don't be shy about making recommendations to Rory.

### Fines

Clubs are reminded that **all** fines levied by League Officers are published in the weekly fixtures/results bulletins. This is normally the **only** official notification of any fine incurred. Any appeals against these should be made accordingly from the time of publication, not subsequently. Alan Meyer will still periodically write to clubs with updates on their fines float position, but these are **not** notifications of their fines, he is simply notifying clubs about the position of their fines float.

If you meet any referees on the circuit who are interested in joining the League please put them in touch with us or let us know. If we don't have your e-mail address please let us have it as soon as possible, as we are keen to use email for the bulletins and any other news as much as possible – We won't publish referees' email addresses if you don't want us to.

The referees' result card is available via e-mail - it's easy to complete and send – please see the league website for more details via the Referees' Section. In addition we also have the "snail mail" version of referees' result cards continue to be postage prepaid, which we hope will encourage you to use them if you do not use the email format. **We are keen to receive as many referee result cards as possible, including from club referees.** All clubs have been sent a batch of result cards – please pass them onto your club referees and encourage them to use them.

With this letter referees should receive half a dozen pre-paid result cards – if you do not need them please return them to Bob Coates, and if you need more cards during the season, again please contact Bob Coates.
